Government organisations

KS4

KS4

Why does Jerusalem matter?

Human rights

Teachers notes..... In Sociology you will be exploring a range of religious and non religious views and the impact of different religious beliefs on world issues. Students will be learning to share their views, while considering and respecting the views and opinions of others. The content covered in Sociology develops a range of life-long skills such as resilience, confidence and independence enabling students to continue in the next stages of their lives.
