

NGA skills dashboard (2022)

For maintained school and federation governors, trustees of single academy trusts and academy committees

We recommend that the governance professional (clerk to the board) collates individual audit scores and then supports the chair, or another designated member of the board, to evaluate the results.

How to use this dashboard

1. Click [here](#) to enter your board's individual audit scores and then return to this dashboard overview
2. Your board's average scores will then be shown below.
3. Evaluate the scores and identify any priority areas - lower scores indicate where action may be needed.

Individuals should also be encouraged and supported to reflect on their responses and make their own development plans.
