

Year 7 Learning Journey

End

Learn how to develop ideas for a personal outcome

Personal Response

Produce some development work before creating a final piece

Create abstract collages considering shape and composition

Collage

Learn how to cut up paper into desired shapes, arranging materials thoughtfully and applying glue

Learn key vocabulary including ink, block, brayer, relief, collagraph.

Printmaking

Explore a range of processes including taking prints off different textured surfaces, marble printing and block printing.

Abstract

explore relief sculptures and learn a variety of paper manipulation techniques

Sculpture & Ceramics

Learn the properties of clay and hand building techniques.

Learn about the primary colours and how they can be mixed to make secondary colours

Explore expressive painting techniques

Learn how to create shapes, lines and textures to create abstract artworks

Painting

Practice brush skills including appropriate brush size, how to hold and control a brush and how much paint to apply.

Start

Drawing

Learn a range of mark making techniques

Explore a variety of drawing materials including ink, graphite and charcoal

Teachers notes..... The theme **abstraction** is explored throughout Year 7. Students learn how to use a sketchbook to record their ideas, thoughts and observations. They learn about the life and work of different artists linked to the theme.
