

Exam Information

The information below includes key dates and information that you can use to ensure you know exactly what to expect from our exam timetable in summer 2025.

Summer Public Examination Dates: 7th May – 25th June 2026

All students must remain available until Wednesday 24th June in case an awarding body needs to invoke its contingency plan.

There is 1 contingency date in place for 2026. This contingency is in place in the event of national or significant local disruption to examinations in the United Kingdom.

Wednesday 24th June - All Day.

Please note: if an exam is rescheduled for the contingency date and the student is not available to attend (for example, due to a holiday), they will not be eligible for special consideration by the exam boards. All students must remain available until and including this date.

Exam Timetables

All students receive an individual examination timetable - this will include a list of their exams. It is important that students keep these safe so they do not miss any exams.

If you have any questions or queries relating to exam timetables please contact the school exams office Caroline Baird or the school office on 0191 300 0505.

Results Day

Students will receive their results on the dates outlined below; GCSE/L1/2 Vocational: Thursday 20th August 2026.

If your child is unable to attend their results day please let us know by emailing us on office.admin@southlandsnt.org.uk - alternative arrangements can be made to ensure they receive their results.

Post Results Services

If you are unhappy with any of your exam grades you can use exam board post results services. Depending on the exam board there are generally three services available.

1. **Access to scripts** - this allows you to access your marked script from your exam(s).
2. **Clerical re-check** - this is where the exam board will check that all aspects of the paper have been marked, marks are recorded/added up correctly, special consideration (if applicable) has been applied and that grade boundaries have been applied accurately.

3. **Review of marking** - this service involves a senior examiner reviewing the marking of a specific unit/component within a subject area.

*Please note - fees for these services vary depending on the exam board. Fees can be found on the exam board websites using the links below.
